**Part 4 Supporting Documents – List applicable documents discussed and reviewed during TBT**  
(Method Statements, Task Plans, Lift Plans, COSHH RA, Drawing, MOC's, RA's/ SJA's, Storyboards, etc.)

DOUS-TRA-003 SYSTEM MAINTENANCE

DOUS-TRA-006 WORKING AT HEIGHTS (if task requires working at height)

DOUS-TRA-017 Power Tool Use (if task requires power tools)

**Part 5 Emergency Arrangements**

Discuss / list specific Rescue Plans, Contingency Plans as applicable

N/A

Name and contact of the assigned Medic / First Aider

**Part 6 Life Saving Rules (Identify and tick applicable rules)**

|                                                                                                                                            |                                                                                                                                 |                                                                                                                          |                                                                                                                                   |                                                                                                                           |                                                                                                                                          |                                                                                                                                            |                                                                                                                                       |                                                                                                                                      |

**Part 7 Confirm and discuss the subsequent control measures implemented relevant to the Life Saving Rule**

Situational awareness.  
 Required PPE while performing task.  
 Follow maintenance task.  
 Follow procedures.  
 Keep tools clean and secured when not in use. Do not leave tools lying around in walkways or staircases.  
 Obtain a Permit to Work if necessary.

**Part 8 TBT Discussion Topics / Notes (to include reinforcement of ACT for Safety and Stop Work Authority)**

System maintenance / housekeeping.  
 All personnel have the authority and responsibility to use STOP WORK AUTHORITY (SWA) and call an "all stop" when something doesn't look right.

**Part 9 Identify any actions from TBT and assign Responsible Person and timescale**

Personnel will perform / maintain professionalism while on shift and off.  
 Personnel will follow all policies and procedures.  
 Personnel will monitor each person while on deck.  
 Personnel will clean up work area when task / operations have been completed.

**Part 10 TBT Attendees**

| Print Name             | Sign                        | Print Name      | Sign        | Print Name  | Sign |
|------------------------|-----------------------------|-----------------|-------------|-------------|------|
|                        |                             |                 |             |             |      |
